PROFILE

Hi, I'm Pradeep, a Computer Science undergraduate passionate about web development. I enjoy taking on new challenges and constantly strive to improve. I value critical thinking, punctuality, and attention to detail. My journey from never writing a line of code to self-learning web development has been an exciting one, and I am committed to continuing this journey to master modern technologies.

PROJECTS

Vehicle Rental Services(VRS)

- Built with Laravel (PHP Framework) for efficient back-end development and MySQL for database management.
- Incorporated JavaScript for interactive user interfaces and HTML/CSS for responsive design.
- Enhanced functionality for users to browse vehicles by category, check details and availability, and manage bookings with ease.
- Integrated a testimonial and contact form feature, ensuring seamless user engagement.
- Planned future scalability by utilizing the MVC architecture, enabling clean code organization and maintenance.

Shoeish

- Developed using a combination of Django (Python Framework) for back-end logic and JavaScript for dynamic front-end elements.
- Designed a search system with advanced filtering options to enhance user experience.
- Implemented a secure checkout process with eSewa integration for seamless online payments.
- Utilized HTML/CSS for a user-friendly and responsive design, making the platform accessible across all devices.
- Incorporated real-time database updates with MySQL, ensuring a smooth shopping experience for users.

SKILLS

- Programming Languages: JavaScript, CSS, HTML, PHP, Java, C, Python
- Frameworks/Tools: Laravel, Django
- Database Management: MySQL, MongoDB
- Architectures: MVC

EDUCATION

Whitefield International College　　　　　　　　　　　　　　　　　　2021-Ongoing
- Bachelor in Computer Application
